The Proposal

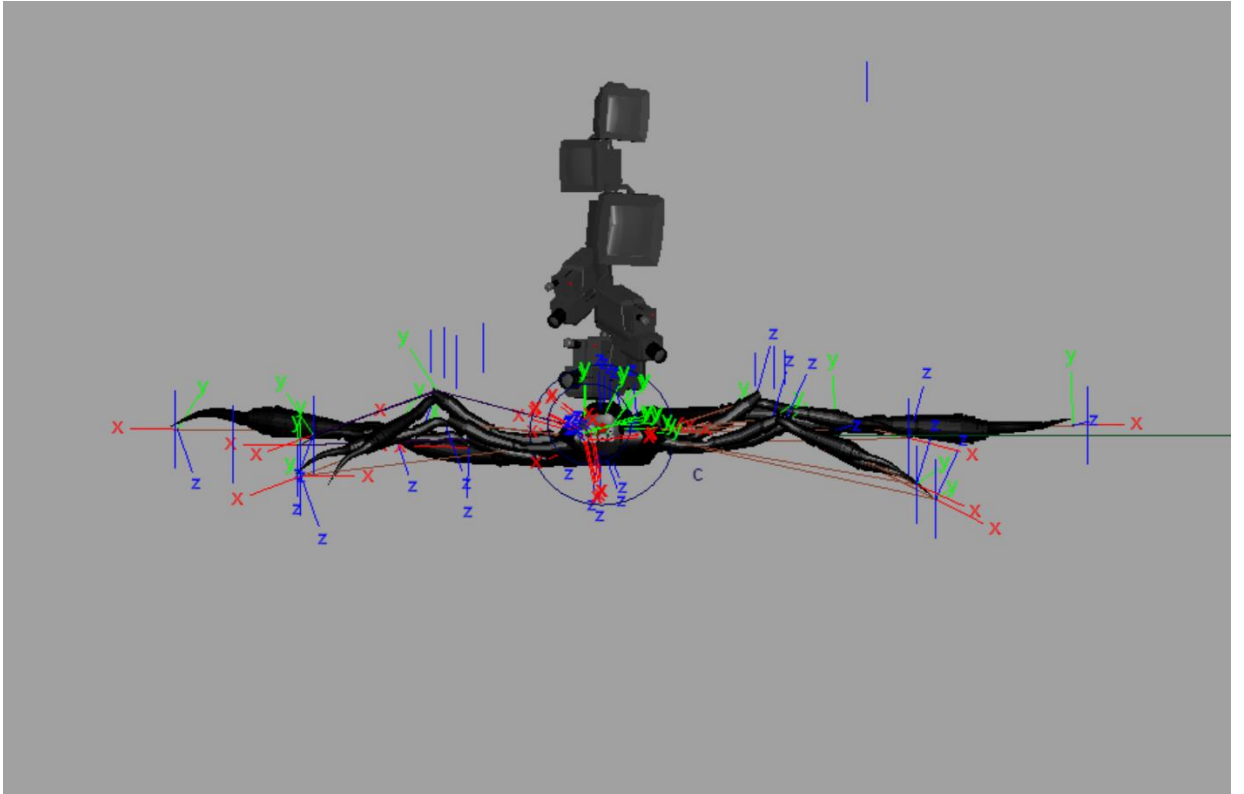

Game objectives:

- A. The rat has some cheese that he needs to take to his family down in the sewer.

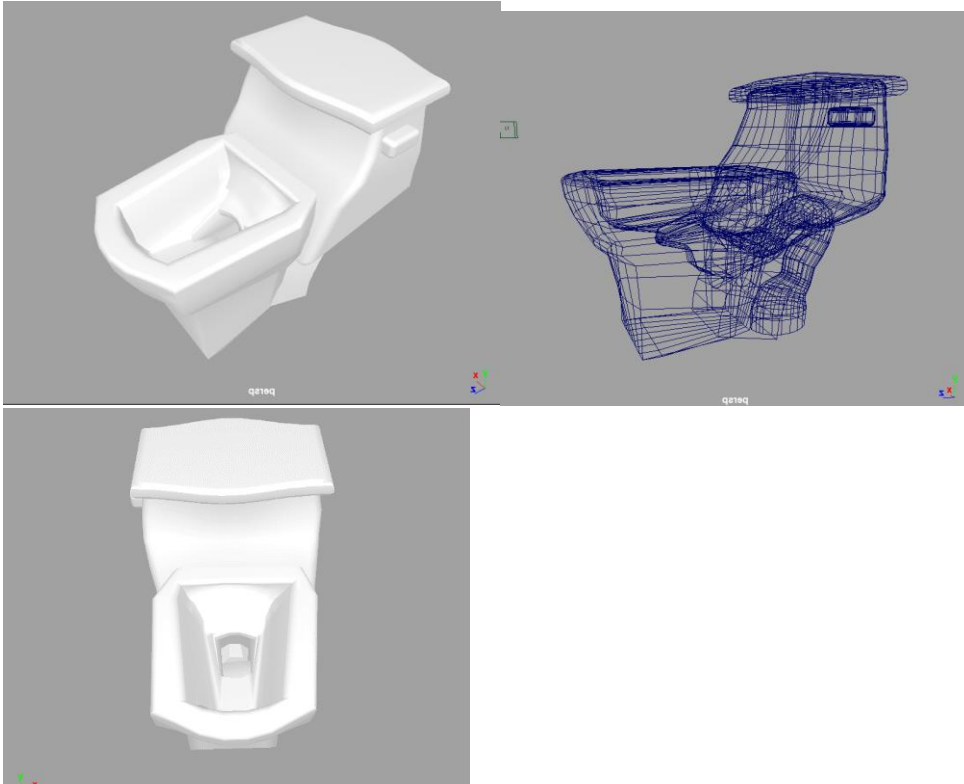

- B. There is a spider robot called “Spyder” that has one job, to search and destroy rats.**

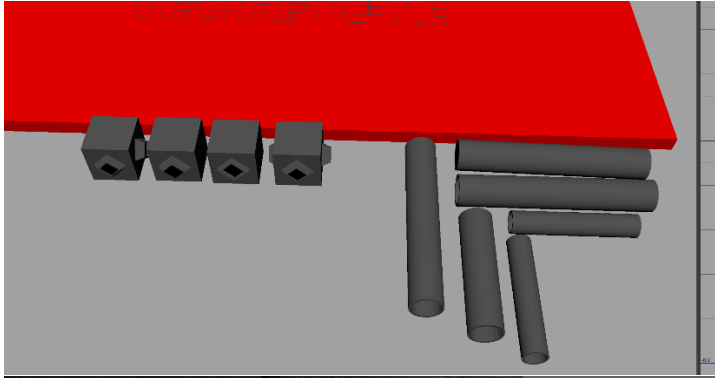

C. The rat will access the sewer through a dingy old non-functioning toilet.

D. The toilet will lead to the pipe MAZE below.

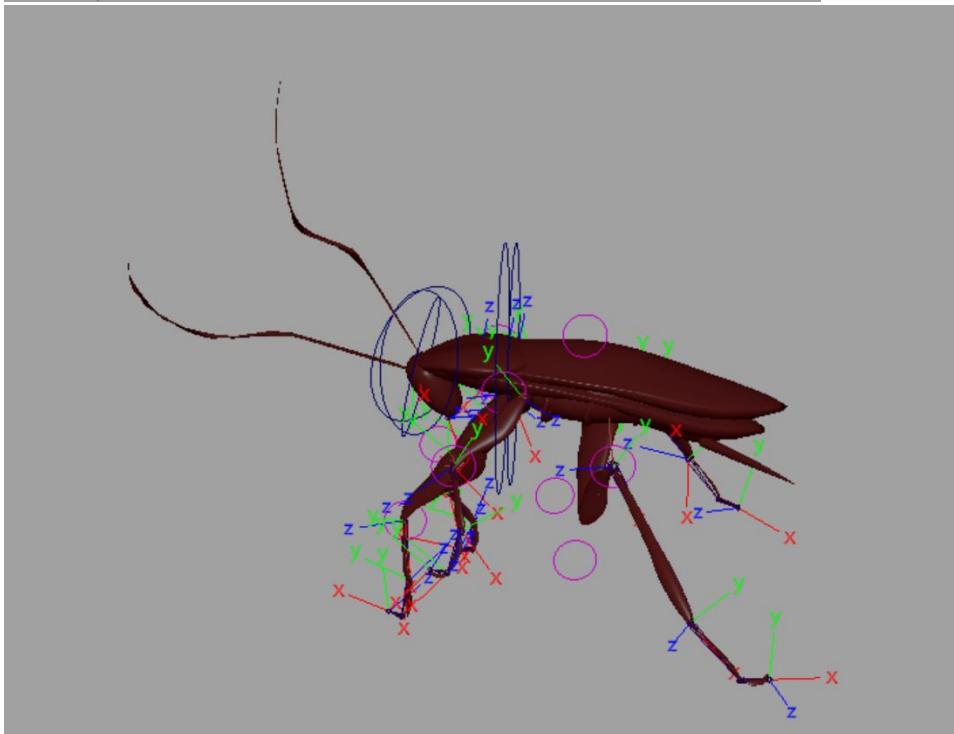

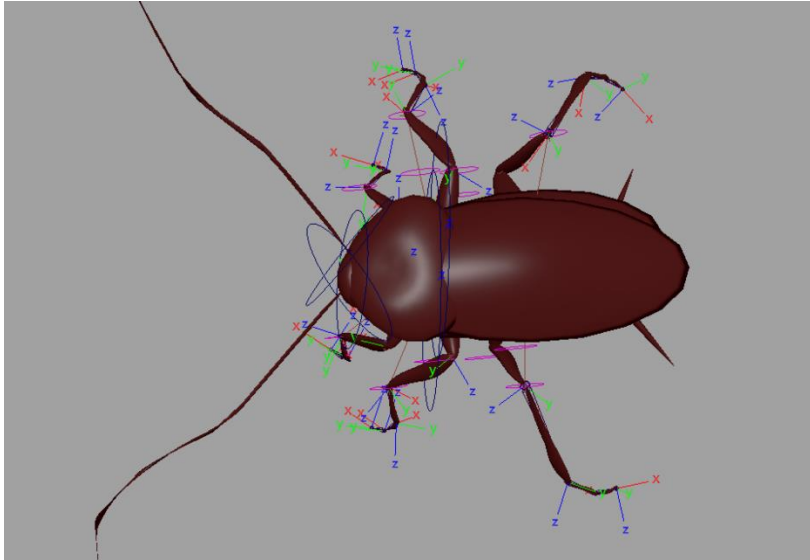

E. The rat must find his family by going through the maze pipes.

F. There will be toxic sludge that will deplete his health as well as aggressive roaches.

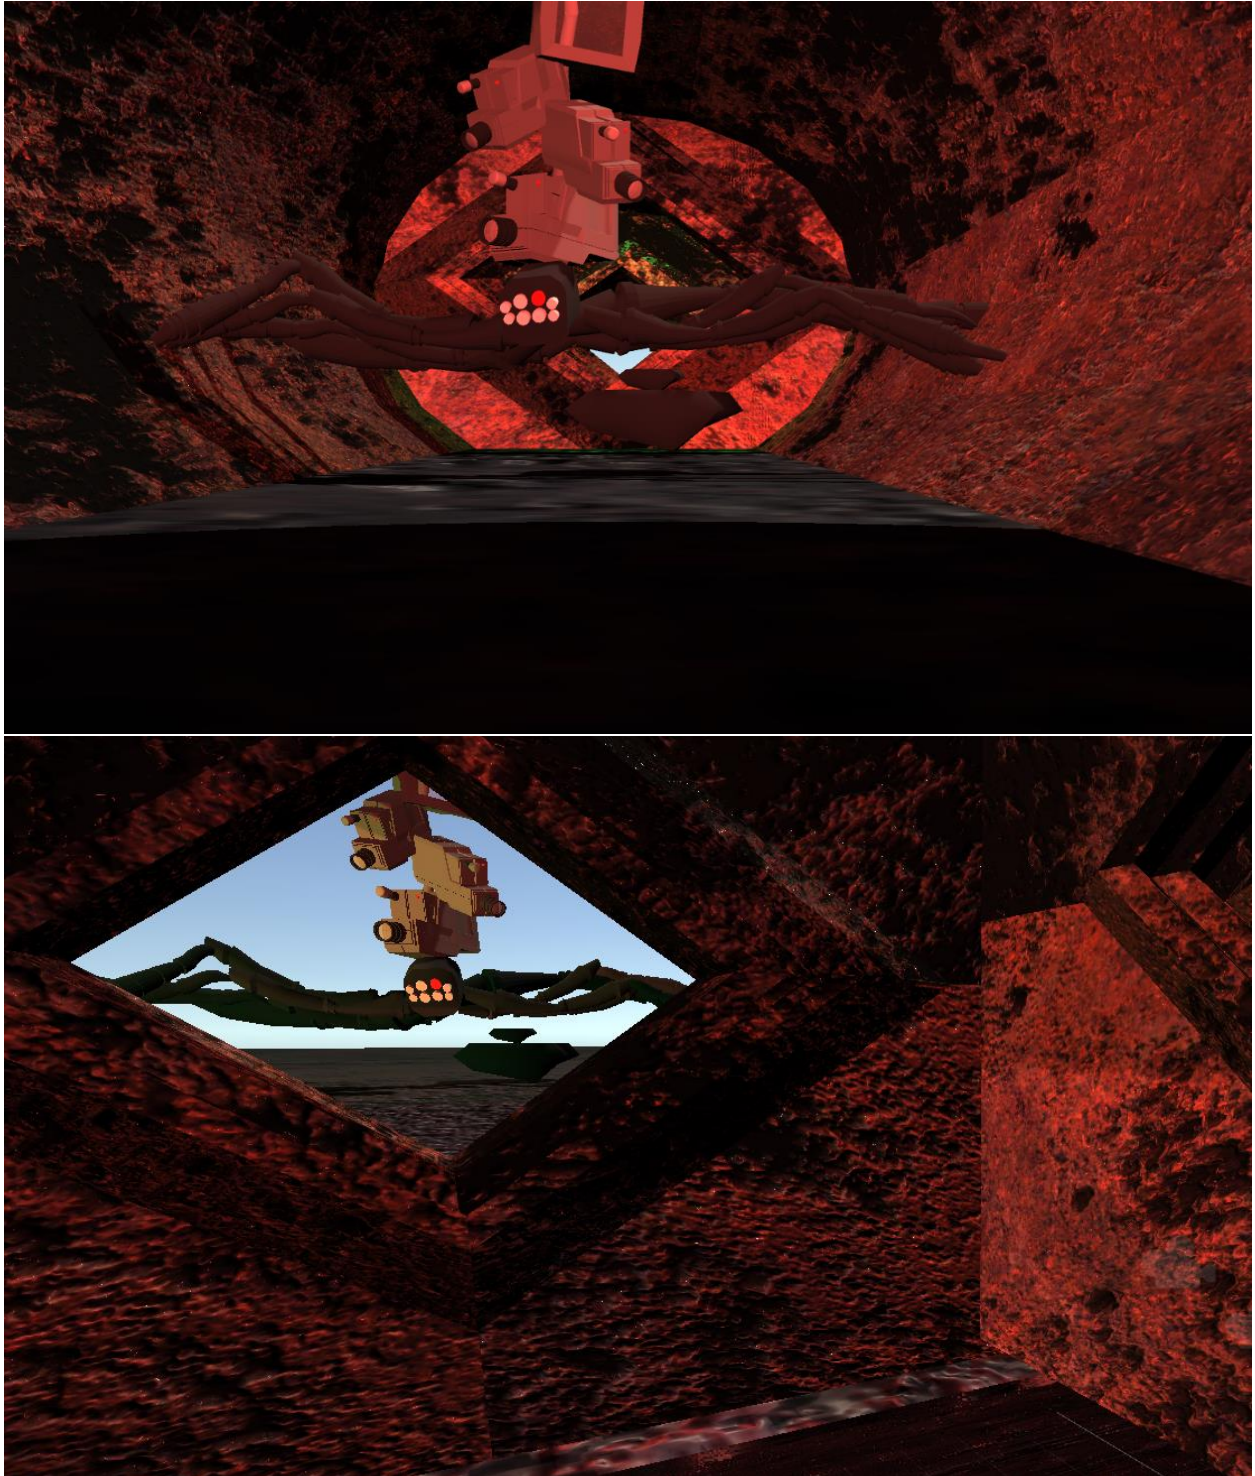

G. He can raise his health by eating the regular roaches by catching them.
