

**Aimee Shoun**

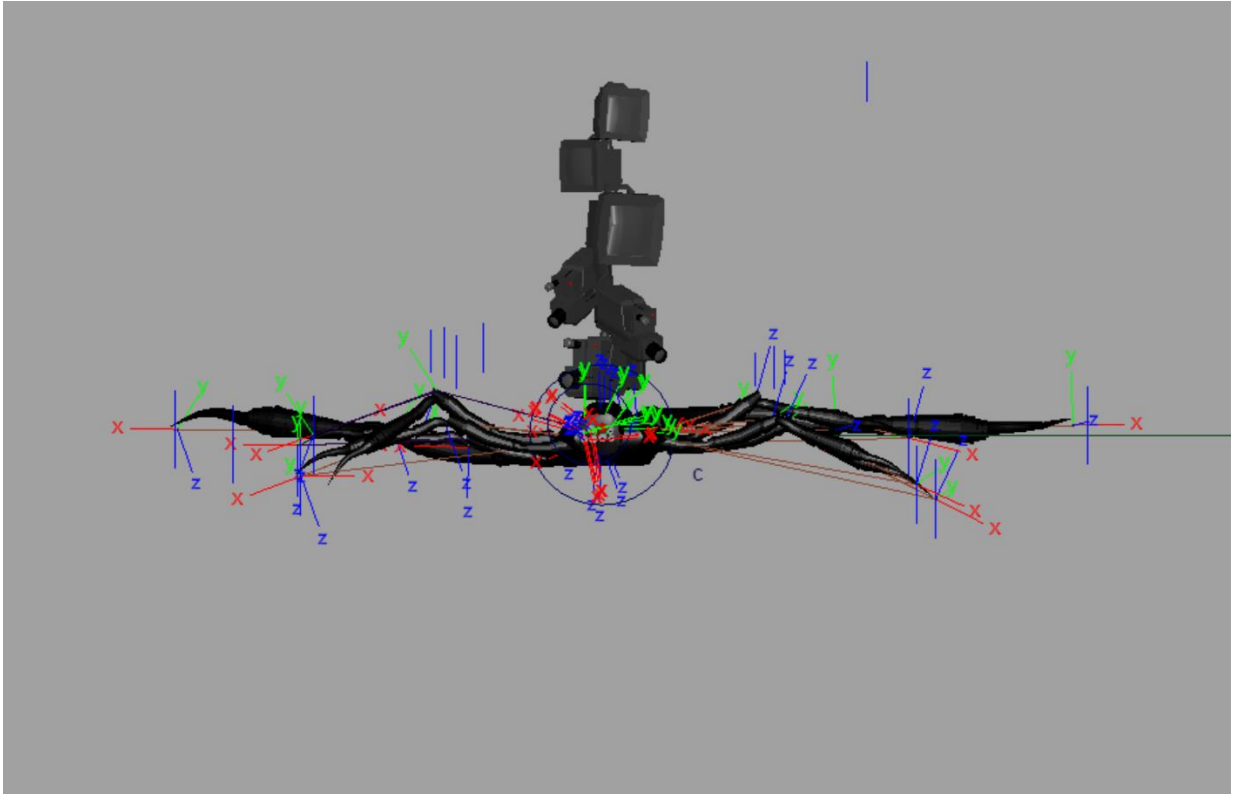

## **The Proposal**

### **Game objectives:**

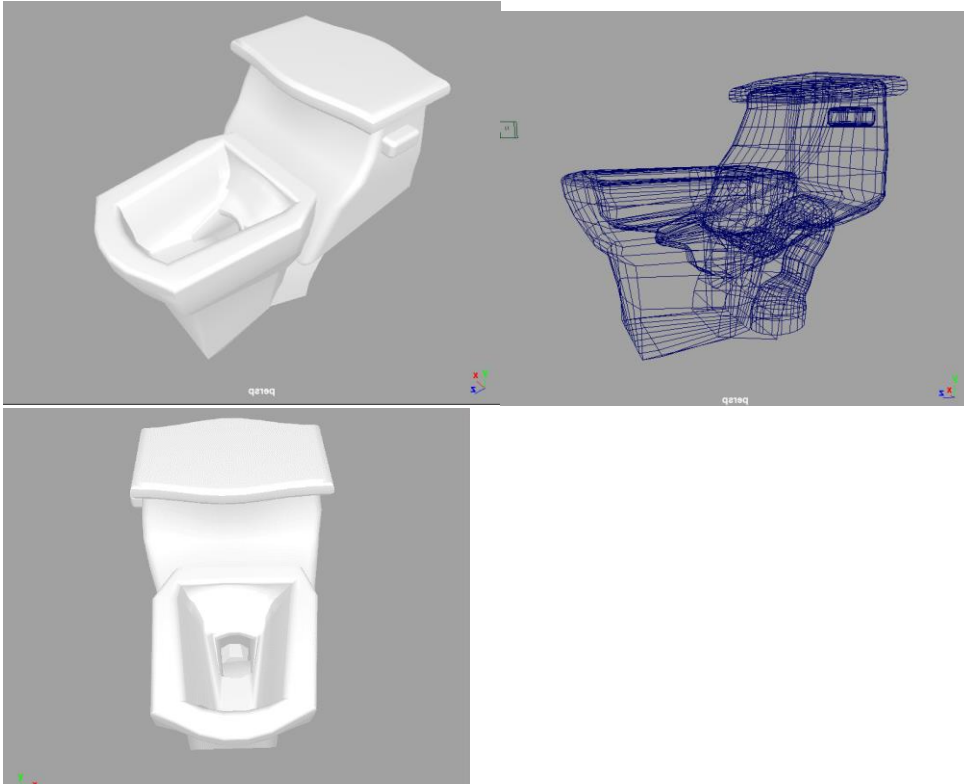

- A. The rat has some cheese that he needs to take to his family down in the sewer.**

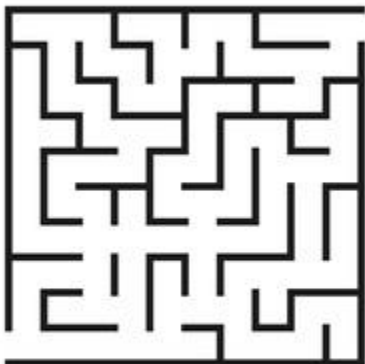

- B. There is a spider robot called “Spyder” that has one job, to search and destroy rats.**

**C. The rat will access the sewer through a dingy old non-functioning toilet.**

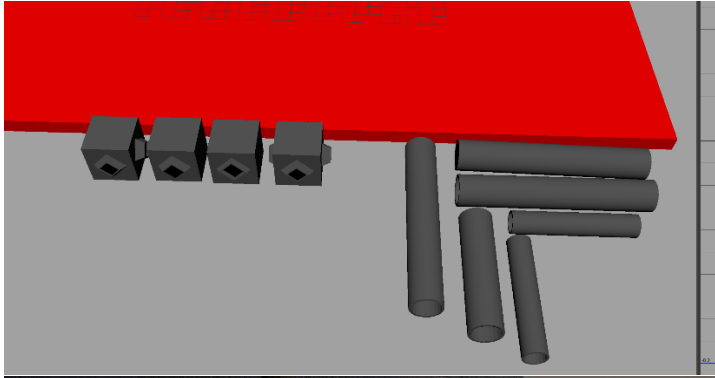

**D. The toilet will lead to the pipe MAZE below.**

**E. The rat must find his family by going through the maze pipes.**

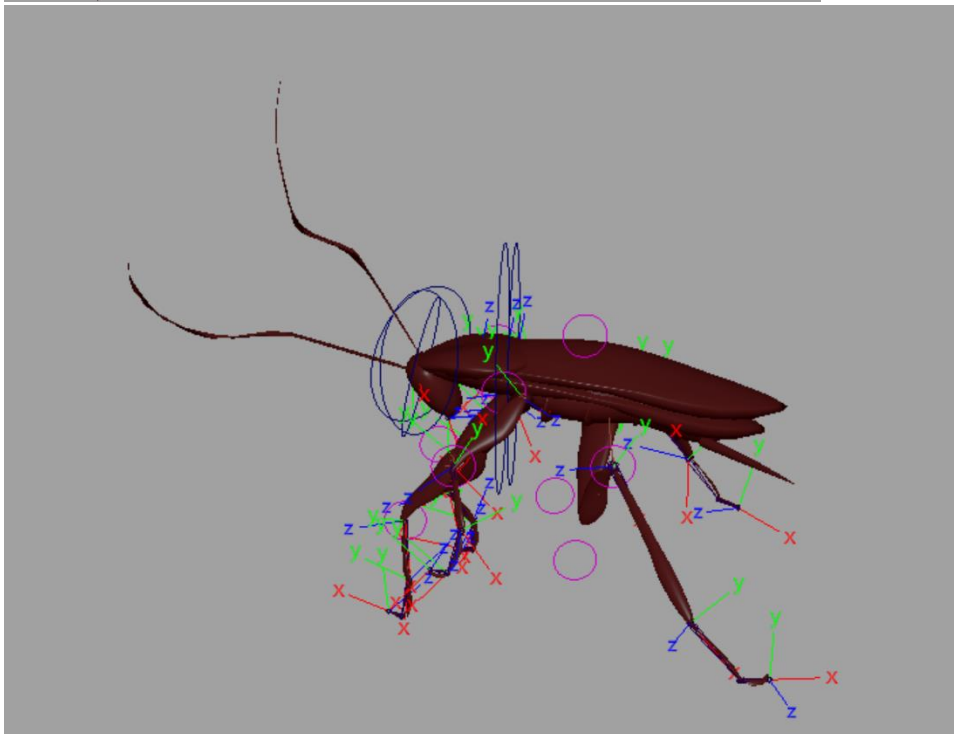

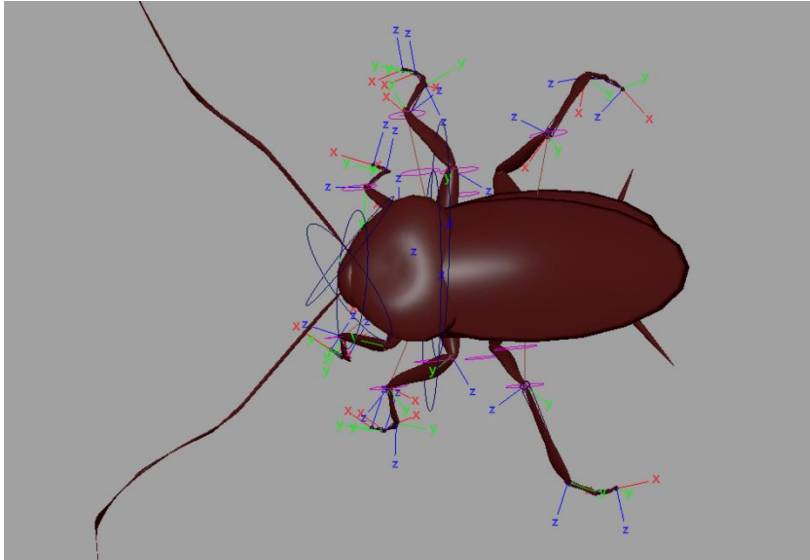

**F. There will be toxic sludge that will deplete his health as well as aggressive roaches.**

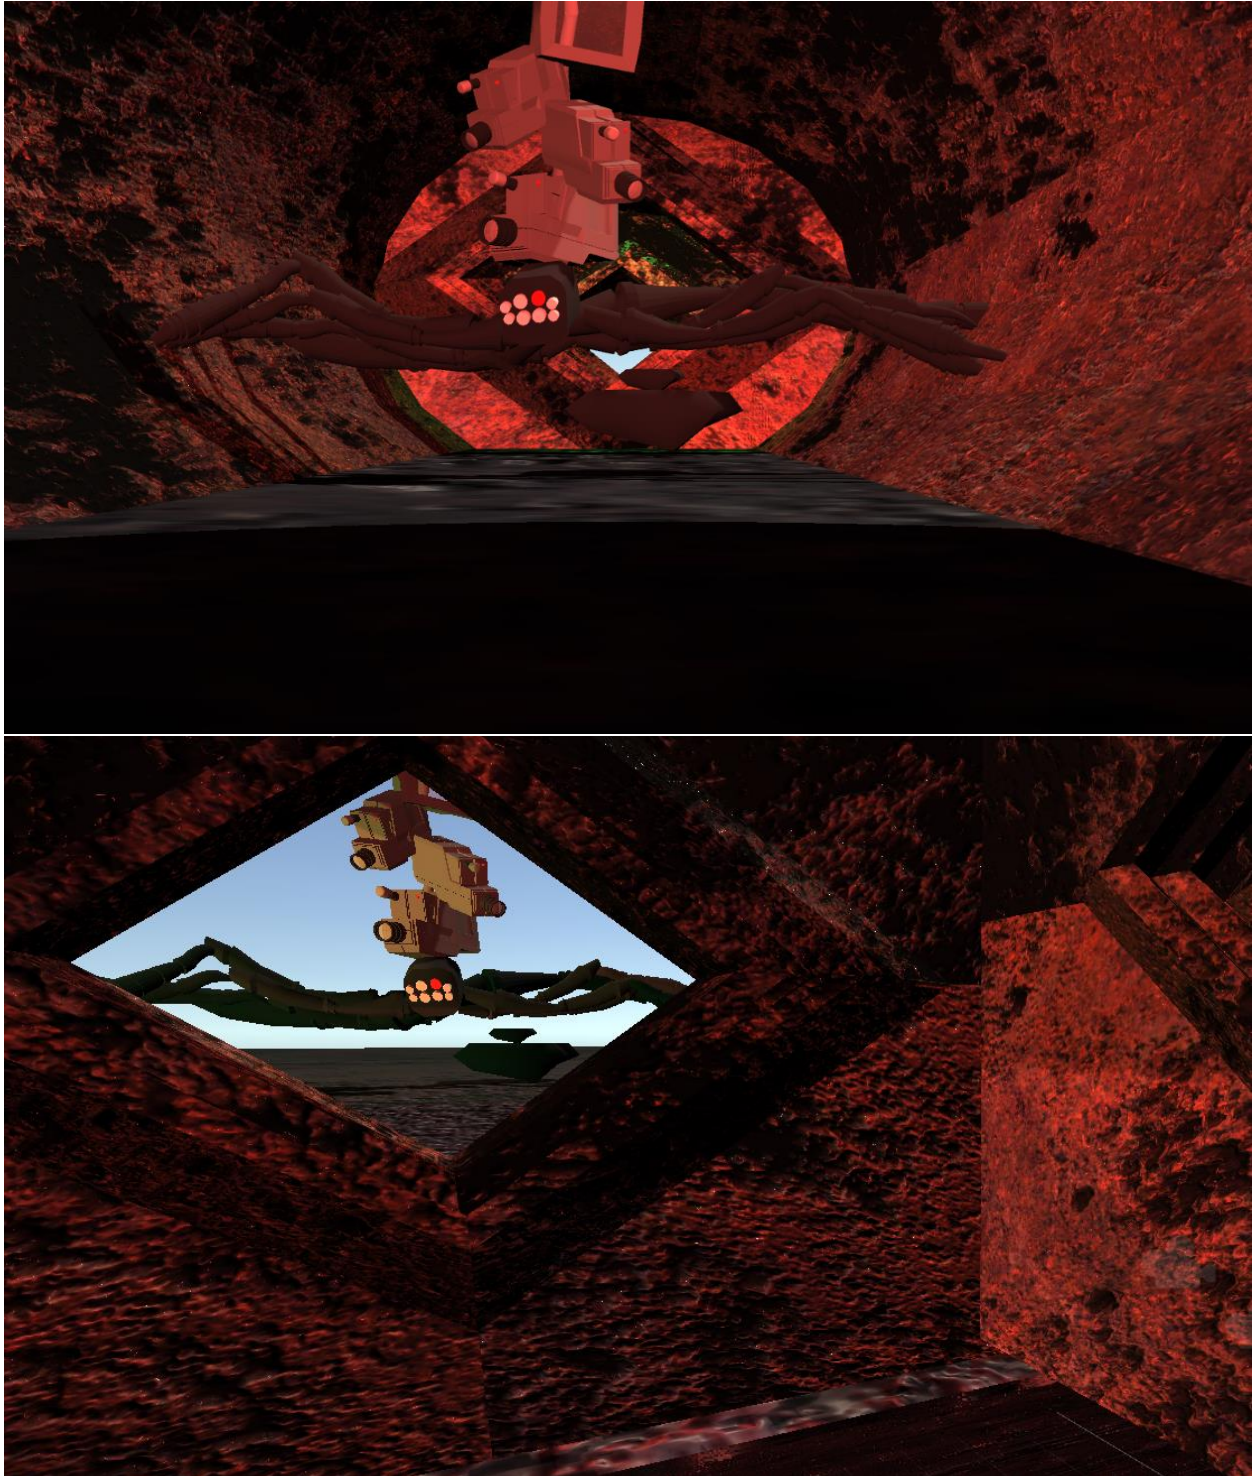

**G. He can raise his health by eating the regular roaches by catching them.**

- H. There will be toxic roaches that glow green. If he eat these he will gain faster abilities and glow green for a limited time.
- I. He has to get to his family with the cheese before the “Spyder” finds him and kills him.

- J. Once he finds his family the game is over.
- K. Every time he dies he will spawn back to the bathroom and start over.
